4 Piece Commercial Lighting Kit

Warning: The installation of this kit is recommended to be installed by a licensed professional. The improper installation of this kit will void all warranties.

Depending on the location you would like to install the kit will determine the difficulty.

- Can be mounted virtually anywhere with the included screws and 3M tape
- Control Box must be mounted in a dry location.
- Can add an unlimited amount of tubes, but additional driver is needed for every 7 tubes

Connecting the Power Supply

1. This kit includes an 110v power supply. Simply plug the kit into the power supply and then into a standard 110 volt outlet.
2. Connect the power supply to the control box using the jack that is designated power.

Connecting the Remote Sensor

1. Connect the red remote sensor to the jack on the control box that is designated remote.

Connecting the Audio Sensor for Music Mode **Optional******

1. This kit features a built in music mode, that does not require any addition installation.
2. **Optional:** You can hardwire this kit to your audio system using the included audio cable. Simply plug the audio cable into your audio system then plug the other end into the jack designated Audio on the control box.

Installing the Tubes to the Control Box

1. Plug the male end of the first tube into the output USB slot located on the control box
2. Plug the male end of the second tube into the female end of the tube that is connected to the control box.
3. Repeat the step two until all tubes are connecting and powered
4. **Optional:** For maximum mounting capabilities a 2pc male to male USB extension wire is available for purchase.

Adding Additional Tubes

1. The included control box can power up to seven 36 inch tubes, if you are adding more than seven tubes and expansion driver is needed. Additional tubes are available at LEDGlow.com.

Limited Warranty and Disclaimer

All LEDGlow Lighting, LLC. products come with a one year limited warranty on the internal parts of the product. This warranty starts from the date of purchase. LEDGlow Lighting, LLC. will replace or repair any qualifying defective product received by the company before the end of the warranty period. Installation of this product must be performed by a licensed professional. Should the failure of the product be the result of damage occurring as a result of improper installation, alteration of the product or an act or omission on the part of the consumer, this warranty is void. LEDGlow Lighting, LLC. shall not be responsible for any consequential damages which arise from the use and/or installation of the product. If the kit is installed in any manner other than specified, LEDGlow Lighting, LLC. reserves the right to deny any warranty claims at the discretion of the technical support department. The one year warranty is not transferable and is valid for up to one year from the original date of purchase. Any product return must include the original packaging, a statement of the alleged defect and an RMA number must be provided. All RMA numbers are valid for 14 days from issued date. Upon receipt of the returned product, the company will test the product for defect. If the results of the testing do not support the warranty claim, do not reveal any defect or indicate consumer negligence in the installation and handling of the product, then the product will be returned to you and you will be charged a reshipping fee. If the product is returned from an address within the continental United States, within the first 14 days after purchase, and is found to be defective, LEDGlow Lighting, LLC. will cover the cost of the return shipping with an emailed return label. This offer is only valid for the continental US. All international shipping, customs fees and/or duty charges are solely the responsibility of the consumer.
